

# Springfield Sangamon Growth Alliance

## **MEDIA KIT & BUSINESS OVERVIEW**

REVISED 11/2019

## INTRODUCTION

### **SPRINGFIELD SANGAMON GROWTH ALLIANCE • OVERVIEW**

The Springfield Sangamon Growth Alliance was created as the Land of Lincoln Economic Development Corporation (LLEDC) in 2018 as a public-private sector partnership dedicated to advancing economic development efforts in Springfield and Sangamon County in the State of Illinois. Led by a volunteered, diverse, industry-driven board of directors, our mission is to pursue economic prosperity and growth for Sangamon County and the City of Springfield. The Springfield Sangamon Growth Alliance is helping create and market a financially sound community; able to attract new businesses and skilled talent, while retaining the profitable companies and local workforce who already make Sangamon County their home.

#### **Our Mission**

Pursue economic prosperity and growth for Sangamon County and the City of Springfield by creating a financially sound community able to attract new businesses and skilled talent, while retaining the profitable companies and local workforce who already make Sangamon County their home.

#### **Our Vision**

Leverage Sangamon County and the City of Springfield's historical significance, strong education system and choices, state-of-the-art medical facilities, geographic location, low cost-of-living and broad human outreach initiatives to create a more vibrant, diverse, multi-generational community through economic development efforts that attract and retain a broader range of stable employment opportunities.
